

# *Kitty Heaven*

*How beautiful heaven must be,  
Filled with cat and kitten souls, you see.*

*No truer friend, no truer heart,  
No wonder it hurts so to be apart.*

*Our angels in fur are just on loan,  
And heaven has spoken  
and called them home.*

*But in your heart they will always be,  
For the love that you shared  
will never leave.*
